**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I use Sonic because now they exist!!! I was literally stuck with AT&T whose service was slow and overpriced. I was their slave regarding internet for my business. My office building will NOT allow cable to be added to the building, period. Therefore, AT&T, had a monopoly....their monopoly mean hell for the rest of us. AT&T increased fees at, literally, their leisure. Their slow slow slow service cost more than ANY of the faster options that I could not use for business.... There is no question that Sonic is making the market better. To limit them, is to be a part of the problem.

Please please please let them remain....true competition was how all this was supposed to work in the first place.....Please.
